## STORIA DI UN MARCHIO, REALTA' DI UN PRODOTTO

- 1948** Le Acciaierie e Ferriere Lombarde Falck, leader italiano nella produzione di nastri d'acciaio legato e ad alto carbonio, nell'ambito di un processo di verticalizzazione aziendale danno vita ad una realtà produttiva che si caratterizza per la fabbricazione di sezioni di lama destinate alle macchine falciatrici e mietitrebbia. Nasce il marchio STELLA.  
Le lame STELLA in breve tempo acquistano notorietà diventando sul mercato italiano sinonimo di qualità.
- 1995** La nuova proprietà guidata dall'Ing. Alfredo Tricomi rileva il ramo d'azienda e avvia un programma di potenziamento delle linee produttive e della gamma prodotti.  
Inizia la crescita internazionale di Stella.
- 1996** STELLA viene trasferita nell'attuale Headquarter di Cellatica, alle porte di Brescia, Italia.
- 2008** I sistemi di taglio Stella festeggiano i loro primi 60 anni sul mercato.
- 2023** STELLA, leader in Italia, continua la sua espansione sui principali mercati internazionali grazie all'ampliamento della gamma prodotti e al costante orientamento alla qualità totale.
